Definition of

Dressed Weight:

The weight of the animal after it is harvested.

Definition of

Live Weight:

The weight of the animal when it is live just before harvest.

*** Dressed weights can vary quite a bit so only use the averages as a reference only. Actual dressed weights can range from 600-840 for natural-finished beef and 540-720 for grass-fed beef.

Pork:

All-Natural Pork -

\$3.35/lb – dressed weight (includes processing)

\$2.35/lb – live weight (includes processing)

Average dressed weight is 200-240 lbs.

Half (side) Pork -	Estimated total price \$335-400 Estimated yield 85-90 lbs.
Whole Pork -	Estimated total price \$670-800 Estimated yield 170-180 lbs.

*** Dressed weights can vary quite a bit so only use the averages as a reference only. Actual dressed weights can range from 180-300 lbs.

Delivery Charge:

\$40.00 – Per drop for scheduled delivery (in delivery area, add \$1.25 per mile outside area)

\$20.00 – Farm pickup (Letohatchee, AL or Harvest, AL)

\$60.00 – Per drop if re-schedule delivery***

***If we contact you about a scheduled delivery date and you cannot receive at that particular time, we charge an increased amount to schedule a new delivery day/time. This is due to us having to unload your meat from the truck and re-load for a different day/time.
